

Area

Description

With its modern design and compact size, Area is the perfect capsule coffee machine for offices, professional firms and small activities. It is specifically designed for these locations, thanks to its large capacity water tank and grounds drawer, and its proven long-term durability.

This machine offers best quality espresso and coffee, and also delivers hot water to prepare caffè americano, tea and herbal teas, to fit all tastes.

Thanks to the inbuilt screen that displays all use and maintenance messages, and to the capacitive touch keyboard, the Area machine is easy to use; it also offers a cup warmer plate and an independent tank.

Accessories

- Water softener
- Connecting kit to the water supply
- Cabinet with cups, stirrers and sugar bags container

Main characteristics

- The brewing unit works with the most common types of capsules: Lavazza Blue or Nespresso clones (according to the machine model)
- The brewing unit is solid and long-lasting, tested over 30,000 coffee brewing cycles.
- Capsule manual loading and semi-automatic discharge, with a lever.
- Possibility of using cups of different sizes, thanks to the mobile dispenser and tipping grid.
- The hot water dispenser is integrated in the main dashboard
- The used capsules drawer can be removed from the front and washed.
- The drip tray can be removed from the front and washed
- The user interface is clear and immediately understood, thanks to the display and the direct selection keys.
- 4 dosed beverage keys: Espresso, Coffee, Large Coffee, Hot Water
- The capsules are easy and quick to use and contain the perfect dose of ground coffee or soluble powder to guarantee the perfect brew and maintain the aroma and taste unchanged in time.

User interface

- Multilingual, two-colour graphic display
- Choice of 8 languages from the relevant menu
- Capacitive touch keyboard with 4 beverage direct selection keys.
